

## ANMC Providers of Telemedicine

### **CARDIOLOGY**

Dr. Matthew Schnellbaecher will review ECG's from the telemedicine cart, send his interpretation, and answer any related questions.

### **CHA/P TRAINING**

The CHA/P Instructors accept test cases from CHA's who want to check their skills at imaging using the otoscope and digital cameras, documentation of the history/physical, and other learning specific needs.

### **DERMATOLOGY**

Dr. John Bocachica reviews telemedicine cases. At this time, there are 5 forms on the software that are dermatology specific. Dr. Bocachica asks that a photo always be included in the case.

### **DIABETES**

Dr. Teri Raymer is glad to accept any cases about diabetic patients

### **EMERGENCY ROOM**

The ER physicians accept telemedicine cases from village clinics for review. **It is important to remember that when sending a case to the ER, you must call them so the physicians will know to go to their computer to review the case.**

### **ENDOCRINOLOGY**

Dr. Southworth is accepting telemedicine cases from village clinics for review. All diabetes cases should be directed to the Diabetes Program. Dr. Southworth will review all other Endocrine problems.

### **ENT**

The ENT physicians at ANMC gladly accept telemedicine cases. There are 6 forms on the telemedicine cart that are ENT specific. A digital photo or otoscopic image should be included in most cases.

### **OPHTHALMOLOGY**

Drs. Werner and Chamberlain are accepting telemedicine cases.

**OVER**

**INPATIENT PEDIATRICS**

Pediatricians are accepting telemedicine cases. Dr. Ramsey requests digital images if possible.

**PODIATRY**

Dr. Charles Edwards is accepting telemedicine cases all diabetic foot issues, and non-emergent foot needs for patients without diabetes.

**PULMONOLOGY**

Dr. Madhani-Lovely is accepting cases with or without Spirometry tests for evaluation of lung function in patients. She is also scheduling videoconferenced visits.

**SCF PEDIATRICS**

The outpatient pediatric department is accepting telemedicine cases from all providers.

**SCF FAMILY MEDICINE**

The Family Medicine group is accepting telemedicine cases.

**SCF WOMEN'S HEALTH**

Dr. Ben Garnett and staff are accepting telemedicine cases related to women's health concerns and problems. Digital images of lesions, colposcopy and general questions are accepted.

**SURGERY**

The Surgery Department is accepting surgical referrals via telemedicine from Physicians and Mid-Level Providers.

**UROLOGY**

Dr. William Lubke and staff are accepting telemedicine cases.

**TRAUMA FOLLOW-UP**

This group consists of RN's who provide follow-up information on patients that have been sent in to the ANMC Emergency Room. The provider sending a case to this group will receive information regarding the patient you transferred within 24-72 hours.
